

ACCOUNCEMENT 21 DECEMBER 2023

Raul Kade has been appointed as CEO of Hamina LNG Oy from 1 December 2023

Raul Kade (B. Eng.) has been appointed as CEO of Hamina LNG Oy from 1 December 2023. He moves to the position from Viafin Gas Oy. Raul Kade has strong and versatile experience in the gas sector and he has previously worked for Gasum and Woikoski among others. He has nearly 20 years of experience in management and a specialist vocational qualification in leadership and business management.

“The LNG market is at an interesting stage. The Hamina LNG terminal plays a significant role in terms of improving the availability of LNG and security of supply. LNG also plays an important role in reducing greenhouse gas emissions. Biogas liquefaction is possible at the Hamina terminal in the near future, which is the next step towards sustainable development in the energy market. I look forward to developing Hamina’s LNG terminal further”, says Raul Kade.

Hamina LNG Oy’s current CEO, Tuula Liukko, is leaving the position. “I thank Tuula for the significant work for the terminal and above all for the successful start-up of the terminal, and I wish Tuula success in her future tasks”, says Kimmo Rahkamo, chairman of the board of Hamina LNG Oy.
